SAYS PRESIDENT FAVORS TARIFF REVISION SOON

Article in Los Angeles Times Gives Detail Which Shows Hope for Sugar

LOUISIANA PRODUCERS PREPARE FOR ACTION

Roused By News That Porto Rico is Asking Duty Retention, They Make Plans

President Wilson has definitely decided to propose tariff revision to the next Congress, according to a special despatch from Washington published in the Los Angeles Times of September 26. The Times prints the following from its Washington correspondent:

"WASHINGTON BUREAU OF THE TIMES, Sept. 25.—President Wilson has decided to propose a revision of the existing Democratic tariff law by the sixty-fourth Congress, which assembles on December 6, next. "Mr. Wilson contemplates the advisability of revising the tariff upward, as demanded by the Republicans ever since the country began to feel the grip of the 'hard times' following the enactment of the Underwood-Simmons law embodying the Democratic conception of downward revision. The president, however, does not intend to permit revision as far upward as his opponents desire. The program:

"Mr. Wilson is not committed at present to a complete revision of the tariff. He contemplates proposing changes in only a few schedules. It is not unlikely that the principal amendments recommended will be the following:

"Retention of a duty on sugar, which under the existing law goes upon the free list on May 1, next.

"Restoration of a duty on raw wool, which under the existing law is admitted free.

"Increase of duties on dyestuffs, chemicals and other products of infant American industries created by the blockade of German exports.

"Increase of the revenue from the

RIFLE TEAM MEN FROM HAWAII ARE LIFE OF VOYAGE

National Guard Marksmen Will Probably Arrive at Jacksonville Some Time Tomorrow

(Special Star-Bulletin Correspondence)
SAN FRANCISCO, Sept. 25.—Hawaii's National Guard team bound to the big national shoot at Jacksonville, Florida, arrived here today after an unbelievably smooth trip from Honolulu. There was not a sign of motion to the vessel until the California coast was in sight, and no one aboard was ill.

Members of the Hawaii rifle team were the life of the trip, and took a leading part in all deck sports. On Monday, the last day out, an elaborate program of stunts was put on, and rifle team members took practically all of the prizes. The team this year does not include so many musicians as the 1914 team, but will still be able to give Floridians an idea of Hawaiian melodies.

The team leaves San Francisco Friday, October 1, and will reach Jacksonville early Tuesday, October 5, going over the Sunset route. Most of the officers will take side trips to Washington and New York after the shoot, leaving San Francisco for Honolulu on November 3 on the Matsushima.

Nation's Head Is Real Fan; He'll See Great Contest

Mr. Wilson Plans to Go to Philadelphia for Second Game; Will Forget Cares of State for a Day

(Associated Press by Federal Wireless)
WASHINGTON, D. C., Oct. 4.—President Wilson, as an ardent baseball fan, is planning now to go to Philadelphia next Saturday for the second game of the world series between the Phillies and the Boston Red Sox.

LOUISIANA SENATOR TO FIGHT FOR SUGAR

U. S. Senator Joseph E. Ransdell, who was present at conference of Louisiana sugar men at which fight for retention of tariff was discussed.

THINK MAN WHO WENT OVERBOARD WAS PARK'S FOE

C. H. Oh, Who Jumped From Sonoma, Was Probably Man Who Attempted Murder

That C. H. Oh, the Korean who jumped overboard from the steamer Sonoma last Thursday while en route to Honolulu, was in reality one Oh Chin Kook, who attempted to murder Y. M. Park in San Francisco a few months ago, is the belief of several local Koreans who are members of the so-called "Young Park" party.

According to Mr. Park's own story, as told in the Star-Bulletin the day following his return from San Francisco, he was lured into a room in a small hotel in San Francisco by Oh Chin Kook. The latter forced Mr. Park to sign a paper resigning as an executive of the Korean National Association, and then attempted to choke him by means of several neckties fastened together into a long string.

Oh Chin Kook was arrested by the San Francisco police after he had fled from the room in the hotel, but Mr. Park did not prosecute and the man was allowed to go free.

A statement made today by a member of the "Young Park" party was to the effect that members of the faction had received "inside" information that Oh Chin Kook, in company with two other Koreans, was coming to Honolulu in the Sonoma. This member said he believed they were sent for by members of Dr. Syngman Rhee's party. Doctor Rhee, former principal of the Korean Boarding School, is alleged to have been at the head of a faction opposing Mr. Park. Upon his return from San Francisco, however, Mr. Park denied that there was any ill feeling between himself and Doctor Rhee.

Know No Cause for Fear.
According to the member of the "Young Park" party, the members of the faction were unable to learn just why Oh Chin Kook, if it was he, was coming to Honolulu. They are also unable to assign any motive for Oh Chin Kook's suicide.

Mistaking the waiter for a bundle of clothes or a piece of freight, Oh stepped on F. C. Johnson, the man who saw him jump overboard. Johnson was sleeping on the after deck of the Sonoma, near the stern, almost above the propellers.

"It was about 3 o'clock in the morning," said Johnson today. "I was sleeping on deck, and suddenly felt someone step on me. I opened my eyes, and saw Oh standing on me. He was taking off his shirt and trousers. I got up and he made a move toward me as if to strike me, then leaped over the rail, and fell into the whirlpool surging around the propellers.

"The ship was steaming at her regular speed, 17 knots. I noticed the officer on the bridge at once, and we turned back, moving in a big semicircle about the spot, with our searchlight playing on the water, but we could find no trace of him."

Johnson said the experience unnerved him greatly. He was of the opinion that Oh was an opium fiend, as his actions indicated the man was under the influence of some drug.

While David Kennedy of Scattsdale, Pa., was saying his evening prayers, Josephine, his daughter, aged 16, aided by her mother slipped from her home and with Frank Stellano eloped to Cumberland, Md., where they were married.

According to the monthly statement of the Treasury Department the country's present circulation is \$3,625,432,657.

A small riot occurred at Santiago, Cuba, when negro leaders made insulting speeches about the whites, and predicted another race war.

FAST BATTLE CRUISERS NEW NAVAL PLANS

Associated Press by Federal Wireless.
WASHINGTON, D. C., Oct. 4.—President Wilson, Secretary of the Navy Daniels and Chairman Padgett of the house committee on naval affairs at a conference today decided to include fast battle-cruisers in their plans for naval development. The United States now has none of the fast cruisers.

GIVE OFFICIAL NOTICE OF HILL LINER'S COMING

Southern Pacific Office in San Francisco Notified, Says Leslie C. Thompson

WILL LEAVE COAST FOR HONOLULU NOVEMBER 6

Complete substantiation of the news printed first in the Star-Bulletin, that the Hill liner Great Northern would leave San Francisco November 6 for San Pedro and Honolulu on the first trip of a regular run, to these islands, was brought from the coast this morning by Leslie C. Thompson, commercial agent in Hawaii for the Southern Pacific Railway.

"At our offices in San Francisco, just before I left that city, I was told that the Southern Pacific had received official notification from the Great Northern Pacific Steamship Company that their liner Great Northern would be put on the Honolulu run next month, leaving San Francisco November 6," said Mr. Thompson this morning, shortly after his arrival on the Sonoma.

"I did not see a schedule," continued Mr. Thompson, "but I understand that the ship will follow the triangular route already discussed, touching at San Pedro on the west-bound trip and going back straight to San Francisco."

Mr. Thompson left Honolulu on September 9, for a conference in San Francisco, and was in some doubt about being returned to Honolulu. "It's good to be back," he said this morning. "First time I've been here since I left here."

The Great Northern, now running from San Francisco to Flavel, Oregon, the coast port for Portland, will be taken off the coast run early this month and several slight alterations made to prepare her for the longer run to Honolulu.

Frank Wiggins, secretary of the Los Angeles Chamber of Commerce, and an enthusiastic booster for Hawaii, writes to the Hawaii Promotion Committee that there is a great deal of interest in Los Angeles over the prospect of getting into direct communication with Honolulu. The Chamber of Commerce there is doing all that can be done to interest merchants of Los Angeles in the proposition, and, if possible, the chamber will soon gather enough merchants into the deal to guarantee to the Great Northern enough freight to make her journey profitable one way at least.

The letter to the Promotion Committee states that there is a great deal of interest in the project in Los Angeles, and more than mere curiosity. The merchants there are making definite plans to see how much of the business of the islands they can win away from the northern ports. Their plan is to open hard competition with San Francisco through San Pedro.

Two diametrically opposed reports, assuring a vigorous fight on the floor of the charter revision convention, will be submitted tonight by the subcommittee of five to the special committee of 15 named by the convention to pass on various charter proposals and report back to the general convention.

The two reports are the majority and minority opinions of this subcommittee of five.

Four out of five of the members of the subcommittee are expected to sign the majority report, which, as already published, provides for the ward system of electing supervisors, for the appointment of district magistrates by the mayor, and for the election of a superintendent of city works with broad executive powers. It is this report, embodied in a formal charter proposal, which has aroused emphatic criticism on the part of advocates of a bona fide "short ballot" government.

The minority report has been prepared by Francis J. Green and he stands alone in opposing the long ballot that the majority members seek to encourage. His minority report hits straight from the shoulder in condemning what the majority of the committee is referring to the convention.

Charter Plan Filled With Detail.
The meeting tonight is to be held in the supervisors' hall. The majority report has been printed. In its printed form it takes up 30 or more newspaper columns. It goes into a tremendous mass of detail. In fact, criticism is already arising because of the details handled in the charter which should, say those who have studied the matter, be handled by ordinance. Such things as the location of hitching-posts, the placing of signs, the planting of shade-trees and

GOVERNOR NAMES FIVE LOAN FUND COMMISSION MEN

Lester Petrie, E. G. Duisenberg, A. D. Castro and Mayor Lane, C. R. Forbes Ex-officio

DISAPPROVES OF CITY WATER APPROPRIATION

Says \$20,000 Appropriation Made By Supervisors for High Hill Borings Mistake

Governor Pinkham today announced the appointment of a territorial loan fund commission as follows: Hon. Charles R. Forbes, ex-officio; Hon. John C. Lane, ex-officio; Lester Petrie, E. G. Duisenberg and A. D. Castro. Together with his notice of appointment, the governor sent out today letters to each of the members on the commission, giving definitely his views in regard to the expenditure of \$105,000 set aside for the water and sewer systems of Honolulu.

Emphatic disapproval of the \$20,000 appropriation by the board of supervisors for investigation of a mountain water supply source for Honolulu by a water commission, already named by the mayor; similar disapproval of any high elevation boring experiments, together with suggested action on the Nuuanu water system, the Manoa water system, the present sewer pumping station, the Punahoa sewer extension, and the whole sewer system in general; these are the important features of the letter, which follows, in full:

"Before I consented to approve the loan item of \$105,494.09, Water Works and Sewers, Honolulu, I stated that I should use all of my influence and authority that work to be undertaken should be an ultimate unit with other units in comprehensive plans of water supply and sewerage to cover present and future requirements of the city of Honolulu.

"I apprehend Honolulu city may ultimately extend from Red Hill, beyond Moanalua, to the ridge southeast of Waialae valley, which comprises up to the 500 foot level 16,768 acres. On the plantation basis of 1,000,000 gallons per 100 acres per day, this area would call for 167,680,000 gallons daily. The views of Mr. Harrison, Government Hydrographer, are presented in a letter herewith under date of September 16, 1915.

(The Star-Bulletin will print the letter.)

THEIR COUNTRIES MUST DECIDE ON ULTIMATUMS

Above—Premier Basil Bistritsky of Bulgaria. Russia has sent an ultimatum to Czar Ferdinand demanding the dismissal of Teutonic officers who are aiding the Bulgarian army in its recent war moves. Below—Premier Jan Bratiano of Rumania. Despatches last Saturday said that Austria had sent an ultimatum to Rumania demanding the free passage of munitions to Turkey.

'RILEY DAY' IN SCHOOLS URGED BY SEC. LANE

Head of Interior Department Asks Honor Be Paid Poet All Over America

(Associated Press by Federal Wireless)
WASHINGTON, D. C., Oct. 4.—Secretary of the Interior Lane today suggested that a poem or poems by James Whitcomb Riley be read in all the schools of America on October 7, the birthday of the great poet. He declared that Riley and William Dean Howells are the only survivors of a generation of distinctly American poets.

HAWAII SCHOOLS MAY ACT.

The Star-Bulletin communicated the Associated Press news above to H. W. Kinney, superintendent of public instruction, at noon today. Mr. Kinney says that it will very likely be impossible to arrange to have one of the noted Hoosier poet's poems read in all the schools of the territory on account of lack of time to get the word around. However, he agrees heartily with the spirit of the proposal and as it will take no time from the school duties of the children he suggests that in the schools of Oahu next Thursday one of Riley's poems be read during the day's exercises. The Star-Bulletin has arranged with Mr. Kinney to print in tomorrow's issue two or three of Riley's best known poems, which would be appropriate to the occasion and these will be available for school teachers who have none of the Hoosier poet's productions readily at hand.

FORTY PEOPLE WANT TO RUN NICE NEW ELEVATOR

With the new elevator in the capitol building nearing completion, nearly 40 applications have been received, according to Superintendent of Public Works Charles R. Forbes, for the position of elevator boy. "I have made no appointment for the coveted position as yet," said Mr. Forbes this morning, "but from the large lot coming in, there will be a goodly number to pick from." The elevator is practically complete now, all that remains to make it so being a few finishing touches. Trial runs already made have proved that it works satisfactorily.

FRENCH TROOPS LANDED UPON GREEK SOIL TO BLOCK PLANS OF BULGARIAN INVASION SOON

MACEDONIAN RAILROADS, TWO OF WHICH LEAD TO AUSTRIA, ARE SEIZED—PARIS HEARS CONCENTRATION OF CZAR FERDINAND'S ARMY BEGUN—FRENCH CLAIM PROGRESS FOR ALLIES NORTH OF ARRAS—TWO BRITISH MONITORS DAMAGED BY GERMAN AVIATORS

(Associated Press Service by Federal Wireless)
ATHENS, Greece, Oct. 4.—All doubt that Greece will join the Entente Allies in active participation in the war was dispelled today by two significant developments. First, the French landed troops at Saloniki, the object being to assist Greece in repelling the expected invasion from Bulgaria. The recent war moves in Bulgaria are interpreted as imperiling the Grecian soil.

Secondly, the Greek government has seized the Macedonian railroads, two of the three of which lead into Bulgaria.

Bulgaria Making Ready For War As Answer to Russia's Ultimatum

(Associated Press Service by Federal Wireless)
LONDON, England, Oct. 4.—Under the terms of the Russian ultimatum, Bulgaria must choose today between the Entente and the Teutonic Allies as her future friends in international affairs and probably in war. The Russian ultimatum presented at Sofia calls upon Bulgaria to dismiss the Austrian and German officers who recently joined the Bulgarian army to direct its mobilization and concentration. The other allies of the Entente powers have notified Bulgaria that they are supporting Russia's action.

350,000 Bulgarian Soldiers Called

(Associated Press Service by Federal Wireless)
PARIS, France, Oct. 4.—The concentration of the Bulgarian army, in readiness for the outbreak of war, has begun, according to an Athens despatch to the Havas News Agency. A total of 350,000 soldiers are gathering at the concentration points.

Allies Claim Progress Near Arras

PARIS, France, Oct. 4.—The Allies are continuing to make progress in their battling north of Arras. Fighting at Nouron Guenneviers is now violent between the trenches, each side striving to win the other's first line defenses.

Behind the German lines in front of Metz a squadron of Allied airmen is operating, according to the announcements today.

Half-Billion Loan Probably Subscribed

NEW YORK, N. Y., Oct. 4.—The banking house of J. P. Morgan & Company, which is heading the negotiations for the half-billion dollar foreign loan arranged by the Anglo-French commission, announced today that no subscriptions will be received after this morning. The announcement indicates that the loan has been successfully negotiated and confirms rumors that before the general subscriptions were opened most of the half-billion had been assured by the big firms. John D. Rockefeller, Sr., is reported to have subscribed \$10,000,000 to the loan.

Berlin Says British Monitors Damaged

BERLIN, Germany, Oct. 4.—Official—Two British monitors have been damaged off Depanne by German aviators.

[Additional Telegraph Despatches on Page 9]

OKUMA ASKS FOR CHANGE IN DATE OF BIG BANQUET

Consul H. Arita has received instructions from Count Okuma, premier and foreign minister of Japan that the banquet which was to have been held in Honolulu on October 31 to celebrate the 37th anniversary of the birthday of the emperor be postponed until November 10, which is the date set for the coronation ceremonies. The two celebrations are then held jointly.

Consul Arita will invite about seven or eight hundred guests to be present at the banquet which will be held at the Young Hotel roof garden.

The 1,500 carpenters who went on strike at Newark, N. J., returned to work, having been granted an increase in pay.

1910 EXPLOSION OF LOS ANGELES TIMES REVIVED

Matthew Schmidt's Trial Begins; David Caplan to Answer Next

(Associated Press by Federal Wireless)
LOS ANGELES, Cal., Oct. 4.—Charged with conspiracy to murder in connection with the explosion which wrecked the plant of the Los Angeles Times in the fall of 1910, Matthew Schmidt, who was run down after a long chase by government officials, was put on trial here today. David Caplan, also caught after a country-wide search that took several years, is a co-defendant with Schmidt. He will be given a separate trial. He was present when Schmidt's trial began today.
